

Shape Building Activity 003

Maximum Time Limit: 10 minutes

Instructions:

Cut the shapes below.

Then paste them on the next page to build **anything you want!**

You can color your masterpiece when you're done.

(D-SB-0001)

Paste and create your masterpiece here!

Disclaimer:

This worksheet is distributed for free and is not intended to measure a child's skills or intelligence. It is designed as a supplementary exercise to support the child's learning alongside the educational activities they receive from schools or other institutions.

My creation is called: _____

Note to Parents and Teachers:

Encourage your child to follow the instructions — this helps them learn structure and sequencing. But if they choose to build something entirely different, **don't stop them**.

Let them explore! Gently remind them of the instructions, but also celebrate their imagination. After all, the goal is not just to follow — it's to **create, think, and enjoy**. 💡 ✨
