

Shape Building Activity 005

Maximum Time Limit: 10 minutes

Instructions:

Cut the shapes below.

Use them to build your dream car.

Paste your car on the next page and color it any way you like!

This worksheet is distributed for free and is not intended to measure a child's skills or intelligence. It is designed as a supplementary exercise to support the child's learning alongside the educational activities they receive from schools or other institutions.

Note to Parents and Teachers:

Encourage your child to follow the instructions — this helps them learn structure and sequencing. But if they choose to build something entirely different, don't stop them.

Let them explore! Gently remind them of the instructions, but also celebrate their imagination.

After all, the goal is not just to follow — it's to create, think, and enjoy. 💡 🧎
